Clinical
Laboratory
Essential
Non-essential
Insosine kinase
D-Alanine transport via diffusion
Dihydroxyacetone phosphotransferase
Glycerol dehydrogenase
Aspartate transaminase
Glucose transport via diffusion
D-glucose transport
Glutamate dehydrogenase
Glucose-6-phosphate isomerase
L-valine transport via diffusion
L-valine reversible transport via proton symport
Hypoxanthine phosphoribosyltransferase
Purine-nucleoside phosphorylase
Alanine racemase
Glycerol kinase
